- Hamberger Flooring GmbH & Co. KG as the manufacturer of HARO PARQUET warrants the structure of the layers and the lamination of the top-layer strips of HARO PARQUET 4000 for 30 years and the structure of the layers and the lamination of the top-layer strips of HARO PARQUET 3500, 3000 and 2500 for 15 years, each for the intended use in residential applications and as from the purchase date, provided the provisions below are complied with.
- This warranty does not act to limit any statutory rights of the consumer.
- No warranty is provided for damage due to abuse, misuse, accidents, insect infestation or force majeure as well as damage arising from other circumstances not common in residential applications. Further, this warranty does not extend to purely visual impairments such as dents, gaps, colour variances due to light, deformations of flooring boards caused by seasonal or climatic conditions or wear of the surface finish. Damage arising from improper installation, care, cleaning or maintenance of the surface finish, mechanical or chemical damage or damage due to the influence of moisture is also excluded from coverage under this warranty.
- No other warranties, expressed or implied, are provided other than those stated herein. Warranty coverage is subject to the Manufacturer's Warranty in the version effective at the time of purchase.

Scope:

- The warranty applies to grade-one products and exclusively to use in interior residential applications with the exception of wet areas such as bathrooms or saunas.
- The warranty covers all above-named products that were purchased and installed after the 1st of April 2020. Special warranty terms and conditions apply in the USA and Canada. This Manufacturer's Warranty is not applicable in those countries.

Warranty Terms and Conditions:

The assertion of this warranty is subject to compliance with the following terms and conditions:

- **Proper installation:**  
Please read our laying instructions carefully from beginning to end before installing the floor and strictly follow their directions. Laying instructions are included with every second original carton of HARO PARQUET and are also available on the Internet at [www.haro.com/parquet](http://www.haro.com/parquet). If the laying instructions are missing and/or incomplete, the warrantee is obliged to request the installation information from the dealer concerned or directly from Hamberger Flooring before starting to install the floor. In particular, please comply exactly with the notes on checking the subfloor for moisture and on laying the floor over underfloor heating. To ensure proper installation, it is recommended to use only original HARO installation accessories. **Improper installation will invalidate this Manufacturer's Warranty.**
- **Proper cleaning and care:**  
Important notes on optimum cleaning and care are included with every second original carton of HARO PARQUET and are also available on the Internet at [www.haro.com/installation](http://www.haro.com/installation). To ensure proper care, it is recommended to use only original HARO floor care products and/or products from the clean & green care range.

**This Manufacturer's Warranty will only apply if the HARO floor has been properly cleaned and cared for.**

- **Proper maintenance of the surface finish:**

The surface finish is a protective coat that covers the top layer consisting of high-grade precious wood. It is subject to the usual wear and tear under use. Wear of the surface finish is therefore excluded from warranty coverage. If the surface finish shows signs of wear, it must be refinished wholly or in part in good time to ensure that it can fulfil its protective function again (sanding and refinishing of finished HARO PARQUET; regular aftertreatment (a fresh coat of oil) for example with original HARO floor care products and/or products from the clean & green care range for HARO Parquet with bioTec oil/wax finish and naturaLin plus natural oil finish). Timely maintenance of the surface finish guarantees the long-term durability of HARO PARQUET. **Improper maintenance of the surface finish will invalidate this Manufacturer's Warranty.**
